I tried to do handstands for you

I tried to do headstands for you

Everytime I fell on you,

Yeah, everytime I fell

I tried to do handstands for you

But everytime I fell for you

I'm permanently black and blue,

permanently blue for you.

I tried to do handstands for you

I tried to do handstands for you

Everytime I fell on you,

Yeah, everytime I fell

I tried to do handstands for you

But everytime I fell for you

I'm permanently black and blue,

Permanently blue for you-oooh-oooh-oooh

For you-oooh-oooh-oooh

I grabbed some frozen strawberries

So I could ice your bruising knees

Frozen things they all unfreeze

So now I taste like

All those frozen strawberries

I used to chill your bruising knees,

Hot July ain't good to me

I'm pink and black and blue

I got bruises on my knees for you

And grass stains on my knees for you

Got holes in my new jeans for you

Got pink and black and blue

I got bruises on my knees for you

And grass stains on my knees for you

Got holes in my new jeans for you
