

Tin whistle tabs for: Coming Home

Categories: Spiritual

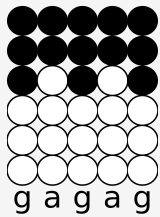

Author/Performer: John Legend

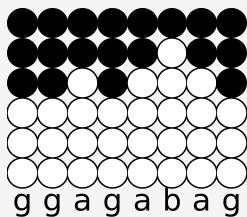

A father waits upon a son

A mother prays for his return

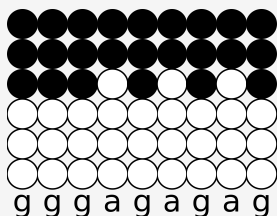

I just called to see

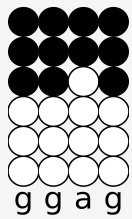

If you still have a place for me

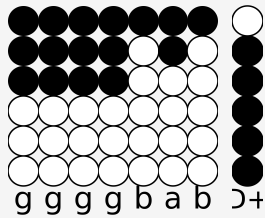

We know that life took us apart

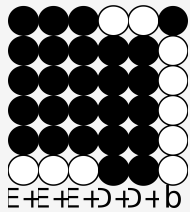

But you're still within my heart

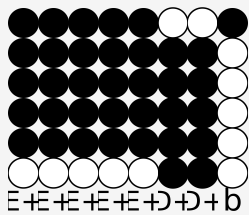

I go to sleep

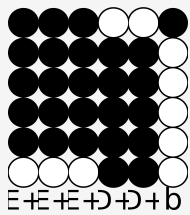

and feel your spirit next to me

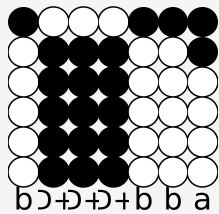

I'll make it home again

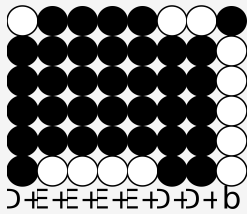

I pray you'll fall in love again

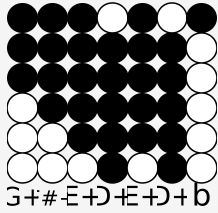

Just say you'll entertain

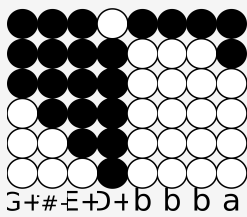

the possibility

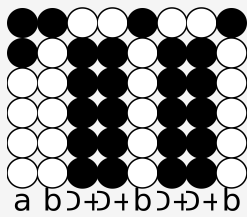

I learned enough from my mistakes

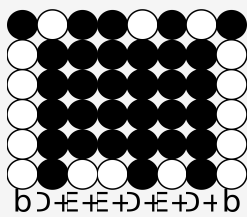

Learned from all I didn't say

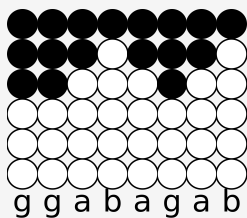

Won't you wait for me

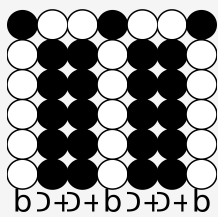

It may be long to get me there

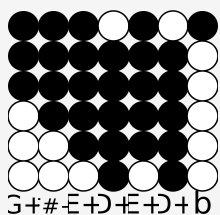

It feels like I've been everywhere

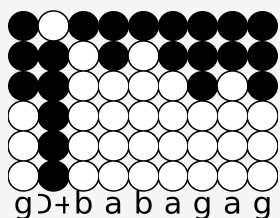

But someday I'll be coming home

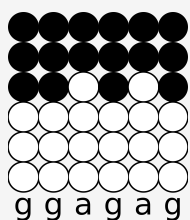

Round and round the world will spin

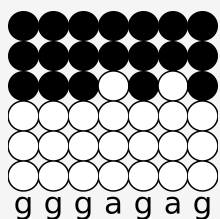

Oh, the circle never ends

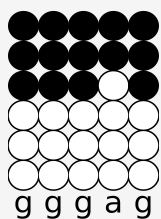

So you know that I'll be coming home

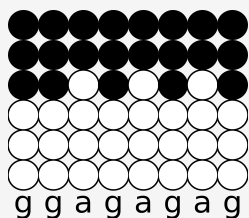

We fight to stay alive

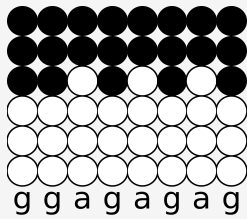

But somebody's got to die

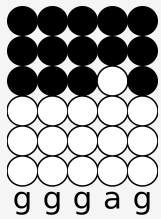

It's so strange to me

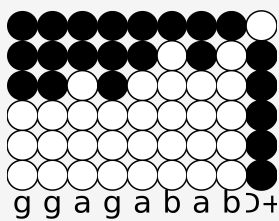

Another soldier gone to war

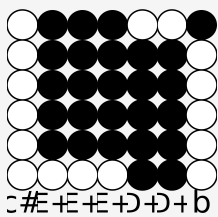

Another story told before

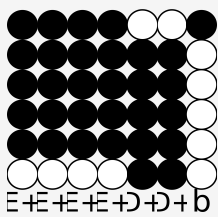

Now it's told again

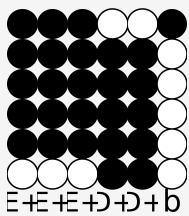

It seems the wars will never end

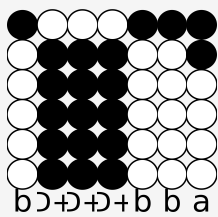

(But) we'll make it home again

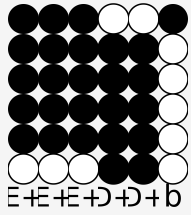

Back where we belong again

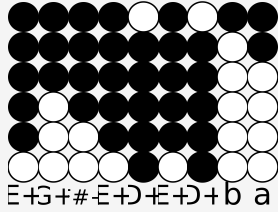

We're holding on to when

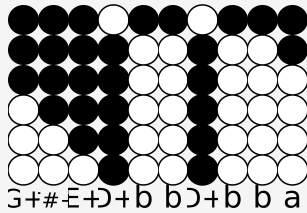

We used to dare to dream

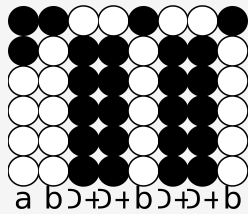

We pray we live to see

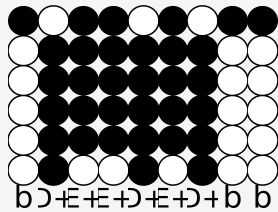

Another day in history

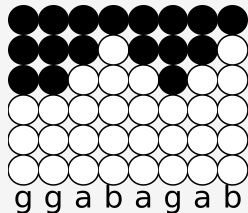

Yes we still believe

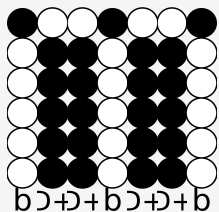

It may be long to get me there

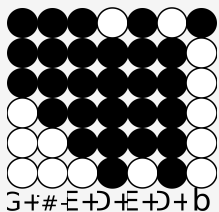

It feels like I've been everywhere

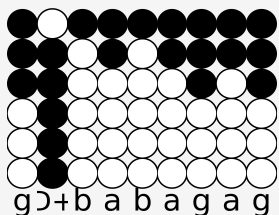

But someday I'll be coming home

ef#e

♭+b a b a g a

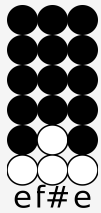

You know that I'll be coming home

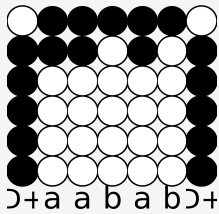

I'm coming,

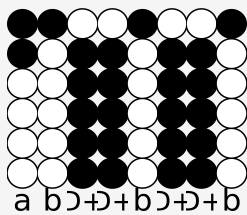

I'm coming,

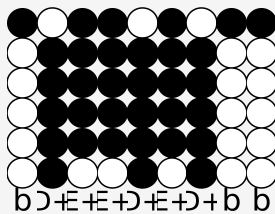

I'm coming?

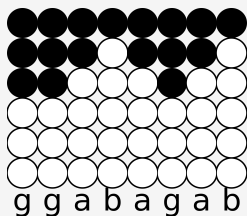

You know that I'll be coming

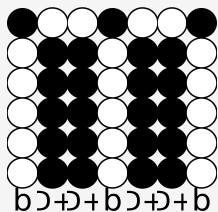

It may be long to get me there

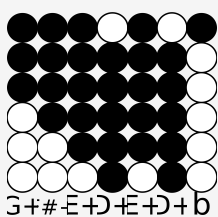

It feels like I've been everywhere

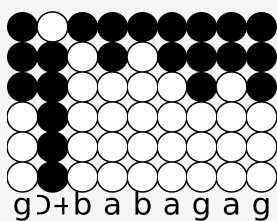

But someday I'll be coming home

Round and round the world will spin

Oh, the circle never ends

So you know that I'll be coming home
