Five little monkeys

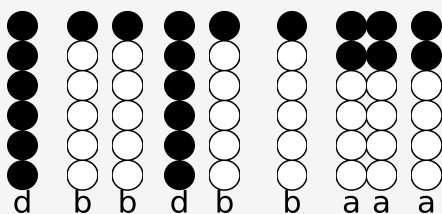

walked along the shore.

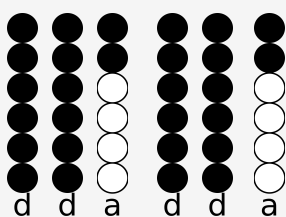

One went sailing,

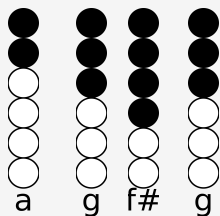

then there were four.

Four little monkeys climbed up a tree.

One of them tumbled down,

then there were three.

Three little monkeys found a pot of glue.

One got stuck in it and then there were two.

Two little monkeys found a raisin bun.

One ran away with it, now there is one.

One little monkey red in the face.

They trained him as an astronaut

and sent him out in space.
