Categories: Pop

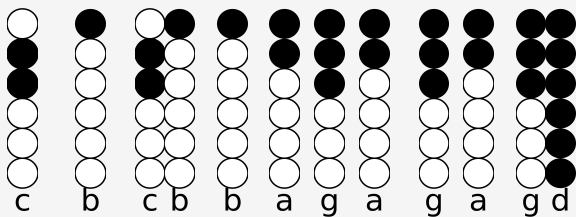

Author/Performer: The springfields

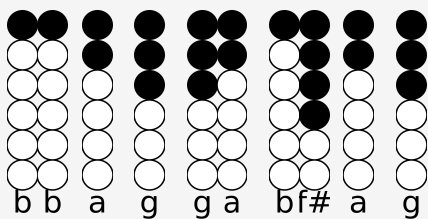

i wander the streets and the gay crowded places

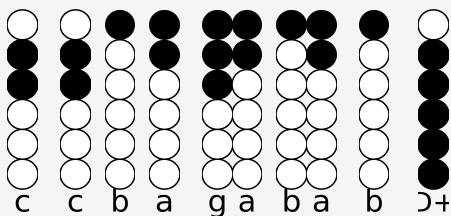

trying to forget you but somehow it seems

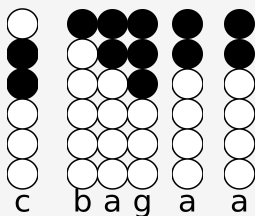

my thoughts ever stray to our last meeting places

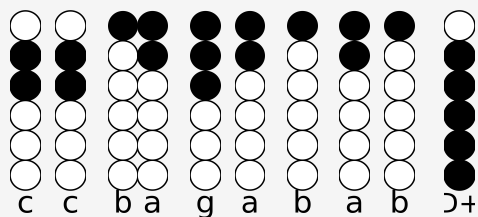

over the sea on the island of dreams

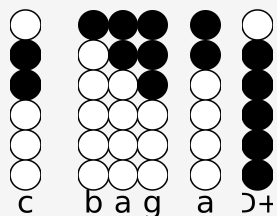

high in the sky is a bird on the wing

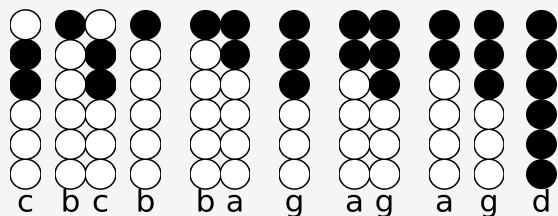

please carry me with you

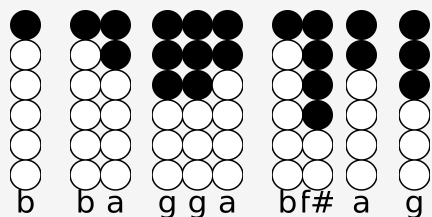

far far away from the mad rushing crowd

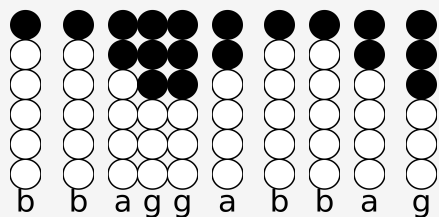

please carry me with you

again i would wander where memories unfold me

there on the beautiful island of dreams

far far away on the island of dreams.
