Back in Wilson High I had two best friends
 They lived down the block where eagle court bends
 One she cared for my bones fed me ice cream cones
 One she cared for my happiness wouldn't leave me alone

Back in Wilson High I had two best friends
 Till the school bus came and took my friends away
 Now I'm left at home alone to sit and think all day
 Hear you me, Mykel
 Hear you me, Carli

One time they gave me a hat, that hat was awful rad
 Wore it every day, made my teacher mad
 She tore it off my head, now my heads well read
 My head gets cold at the night sometimes but I can't be misled
 Hear you me, Mykel
 Hear you me, Carli
 She tore it off my head, now my heads well read
 My head gets cold at night sometimes but I can't be misled

 They lived down the block, where eagle court bends
 Till the schoolbus came, took my friends away
 Now I'm left alone at home to sit and think all day
