

Tin whistle tabs for: Never Never

Categories: Folk

What bet-ter seat than a sad-dle

What bet-ter roof than the sky

What bet-ter song than the song men sing

When hearts are hap-py and spir-its high
(CHORUS)

Were rid-ing to the nev-er nev-er

On a long white road

A road that has no end

Were go-ing to a wide brown coun-try

Where the skies are blue

And ev-ry mans our friend

No-bo-dy knows just when we will get there

But what does it mat-ter if times goes by

Well spend ev-ry night be-side a camp fire

Count-ing the stars in the sky

Were rid-ing to the nev-er nev-er

On a long white road

A road that nev-er ends
