Ik lag in de zon in de zomer

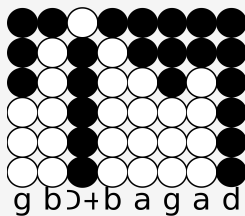

ik lag in de zon in het gras

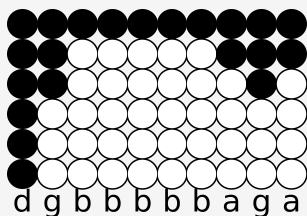

Jij kwam langs ik herinner het mij

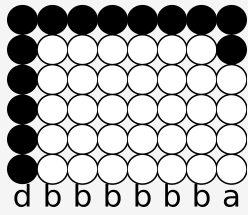

alsof het gisteren was

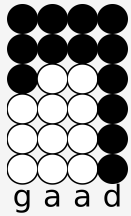

je reed nog niet met de wagen

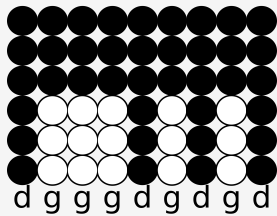

En je brommer was al wekenlang stuk

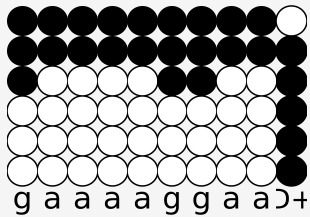

Je zei ik kon toevallig met

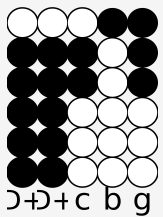

mijn zuster mee

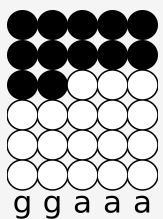

Ik dacht da's wat je noemt een geluk

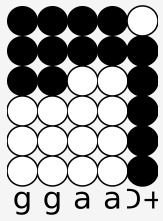

We hebben hier ook een gemeentepark

stamelde ik hees

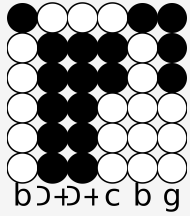

Daar gingen we heen en

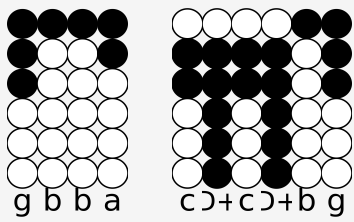

g g a a+

we zegden niets

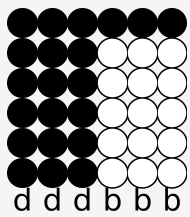

b c b g

alleen maar wat clichés

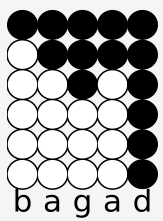

g b b a c c b g

en ik vond jou prachtig in het blauw

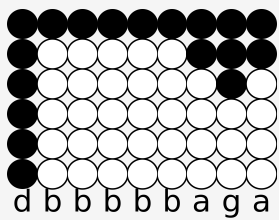

d d d b b b

Pas na een jaar of elf

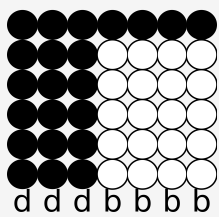

b a g a d

zouden we trouwen

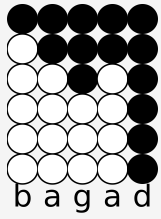

d b b b b b a g a

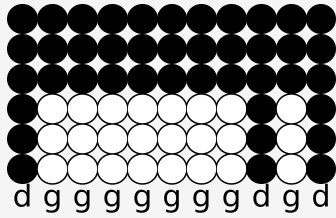

Oorspronkelijk alleen voor de wet

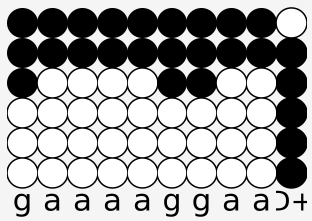

Maar om de kerk in

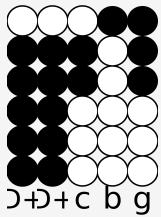

het midden te houden

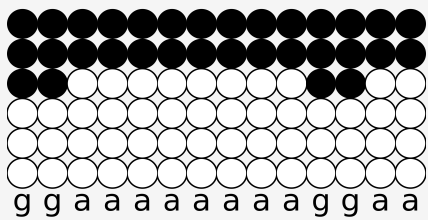

Deden we alles en daarna een buffet

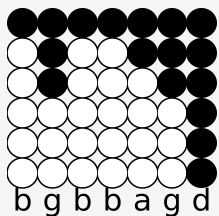

De schepen van de burgerlijke stand

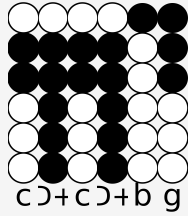

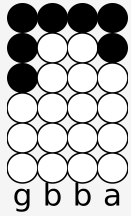

speelde mooi toneel

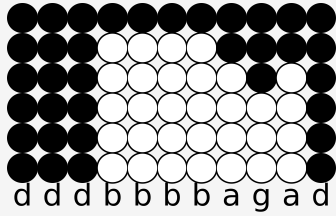

En een witte jurk leek ons overbodig

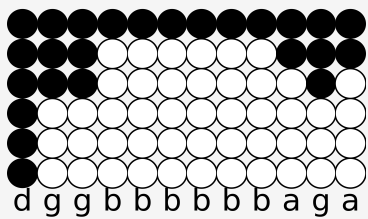

want die zag je al zoveel

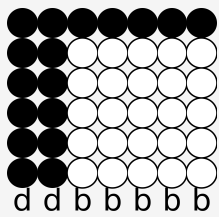

Dus vond ik jou prachtig in het blauw

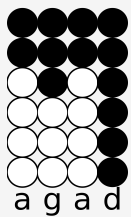

Nog een stuk of elf jaren later

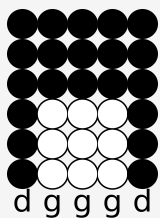

vanop een bootje in de Middellandse Zee

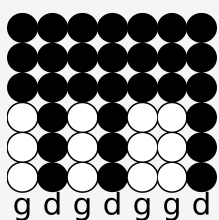

Sprong je bloot met de kinderen

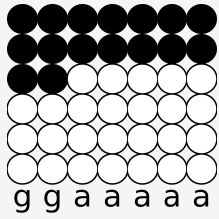

in het water

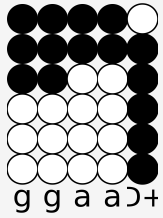

Ze konden zwemmen

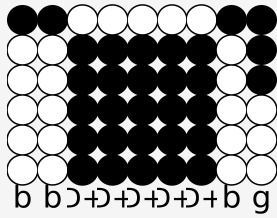

dus dat viel gelukkig mee

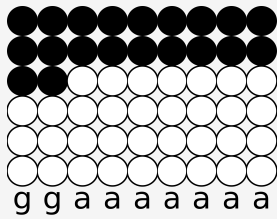

ik herinnerde me toen iets

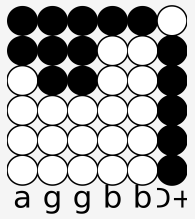

dat ik indertijd

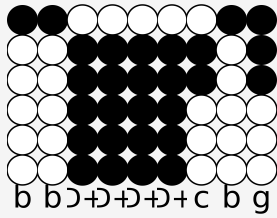

bij Professor Vanderkerken las

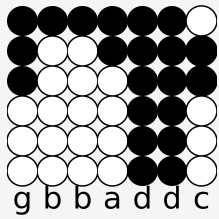

Dat een plotseling besef

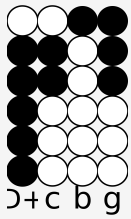

van de oneindigheid

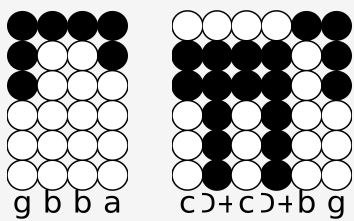

een esthetische ervaring was

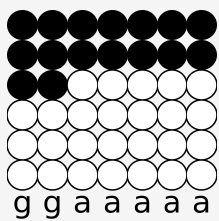

En ik vond jou wondermooi

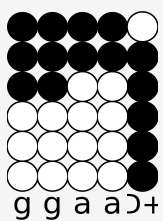

in al dat blauw

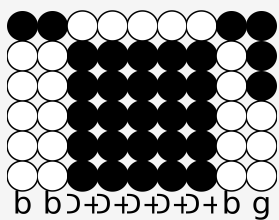

Ik vond jou prachtig in het blauw

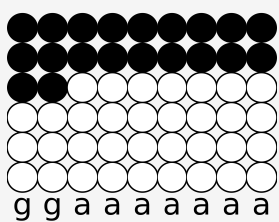

ik herinnerde me toen iets

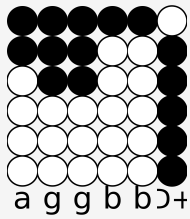

dat ik indertijd

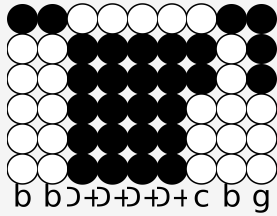

bij Professor Vanderkerken las

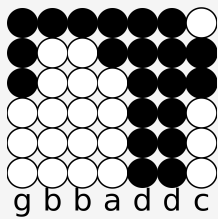

Dat een plotseling besef

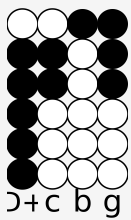

van de oneindigheid

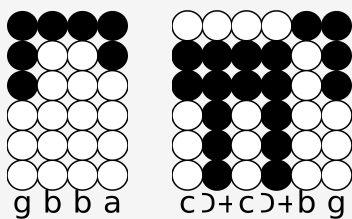

een esthetische ervaring was

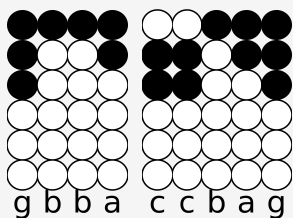

En ik vond jou wondermooi

in al dat blauw

Ik vond jou prachtig in het blauw

ik vond jou prachtig in het blauw
