

# Tin whistle tabs for: Taking It Easy

Categories: Folk

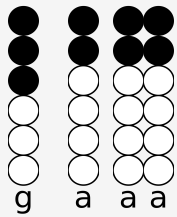

Author/Performer: Woody Guthrie

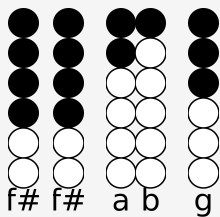

Well I bought me a- paper

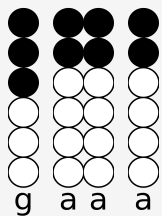

'Cause I wanted to know

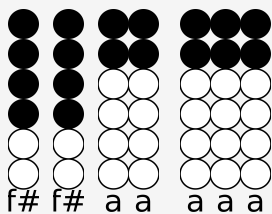

Just what to do

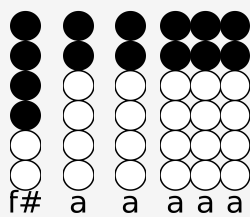

when the sirens blow

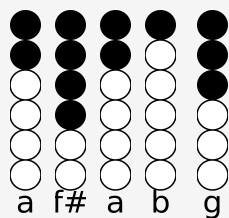

The mayor said

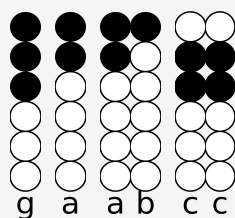

"Well you hadn't oughta run

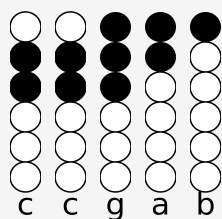

But just take it easy-

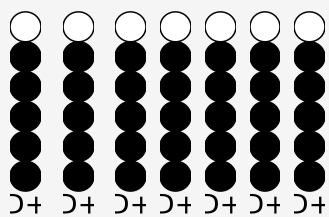

when the sirens hum"  
chorus:

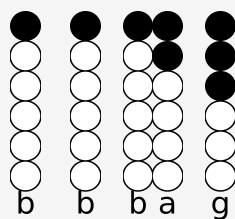

I'm taking it easy-

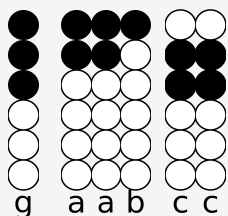

I'm taking it slow

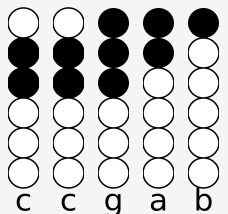

I ain't a-gonna worry

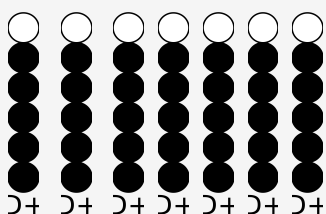

When the sirens blow

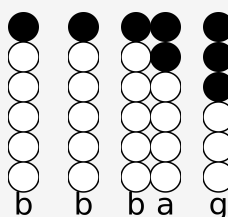

I'm taking it easy-

I'm taking it slow

I ain't a-gonna worry

When the sirens blow

There's a pretty little woman  
Lives down the street  
For years and years  
Been dying to meet  
When the blackout came  
What did I find  
But she had the same thing  
On her mind

(chorus)

Just taking it easy  
Just taking it slow  
I ain't a-gonna worry  
When the sirens blow  
I'm taking it easy  
I'm taking it slow  
I ain't a-gonna worry  
When the sirens blow

(chorus)

Well the boat whistle blew  
Way down on the dock  
And I walkled to the shelter  
Down the block  
When I got there  
What did I see

But that pretty little woman  
By the side of me

(chorus)

Just taking it easy  
Just taking it slow  
I ain't a-gonna worry  
When the sirens blow  
I'm taking it easy  
I'm taking it slow  
I ain't a-gonna worry  
When the sirens blow

(chorus)

Well I wanted her to know  
I was a natural man  
So I took the situation  
Well in hand  
When the all-clear signal  
Begin to whine  
That pretty little woman  
Said she'd be mine

(chorus)

Just taking it easy  
Just taking it slow  
I ain't a-gonna worry  
When the sirens blow  
I'm taking it easy  
I'm taking it slow  
I ain't a-gonna worry  
When the sirens blow

(chorus)
