

Tin whistle tabs for: A winters tale

Author/Performer: David Essex

the nights are colder now

maybe i should close the door

the snow has covered all your footsteps

i can follow you no more

the fire still burns at night

my memories are warm and clear

but everybody knows its hard to be alone

at this time of year
(chorus)

it was only a winters tale

just another winters tale

and why should the world take notice

of one more love thats failed

it's a love that could never be

though it meant a lot to you and me

on a world wide scale

its just another winters tale.

why i stand alone

a bell is ringing far away

i wonder if you hear

i wonder if your listening

i wonder where you are today

good luck i wish you well

for all that wishes may be worth

i hope that love and strength

are with you for the length of your time on earth.

(repeat chorus and finish)
