

Tin whistle tabs for: Done Laid Around

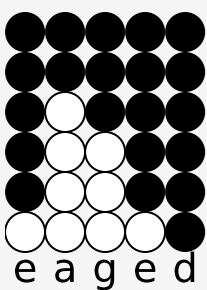

Done laid around and stayed around

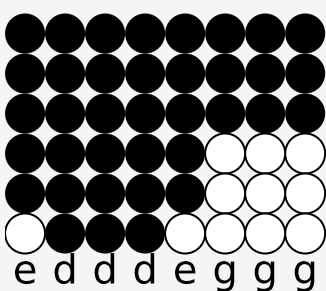

This old town too long

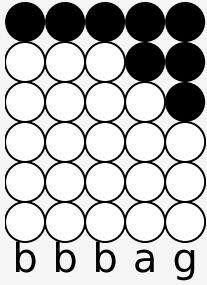

Summers almost gone

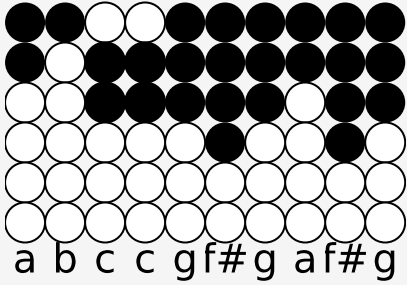

Winter's coming on

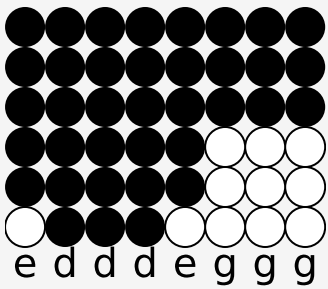

Done laid around and stayed around

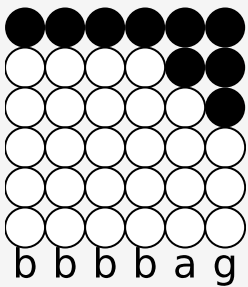

This old town too long

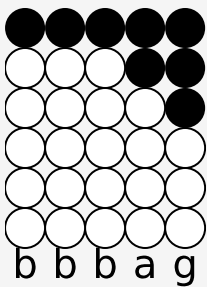

And i feel like i want to travel on

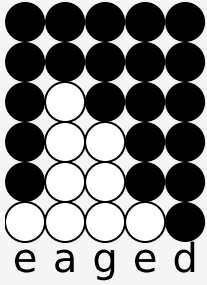

The chilly wind will soon begin

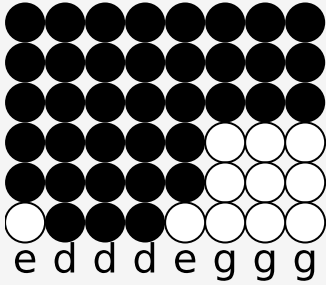

and I'll be on my way

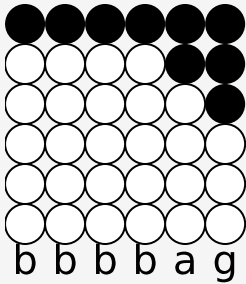

Gone a lonesome day

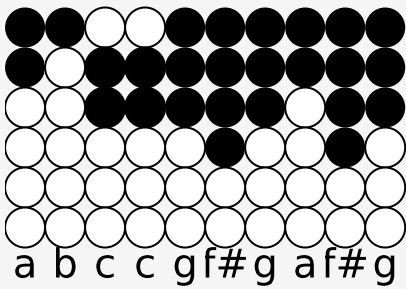

Gone a lonesome day

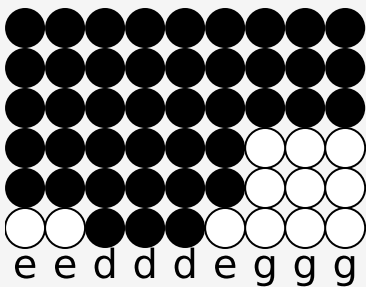

The chilly wind will soon begin

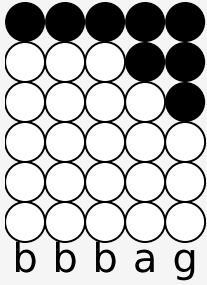

and I'll be on my way

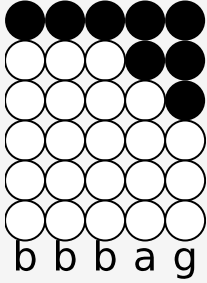

And i feel like i want to travel on

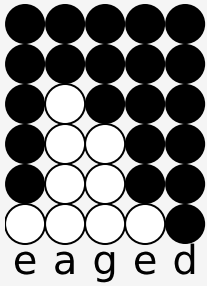

There`s a lonesome freight at six oh eight,

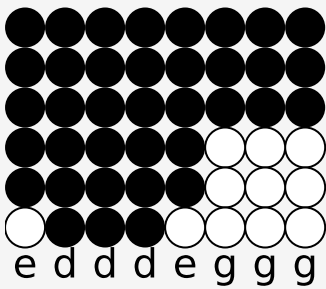

coming through the town

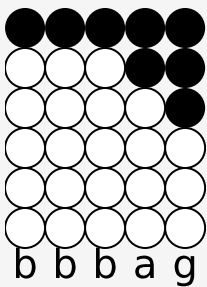

I'll be homeward bound,

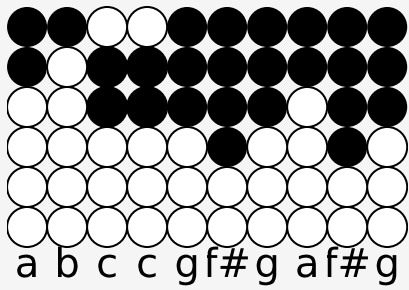

I'll be homeward bound

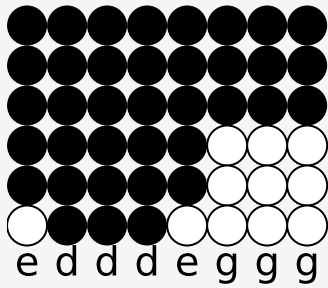

A- lonesome freight at six oh eight,

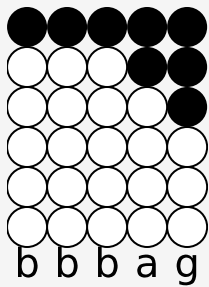

coming through the town

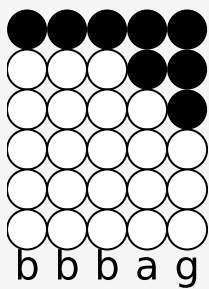

And I feel like I want to travel on

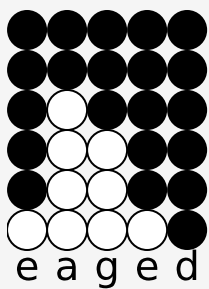

Done laid around and stayed around

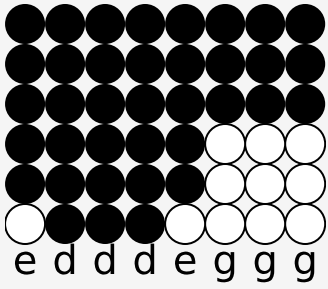

This old town too long

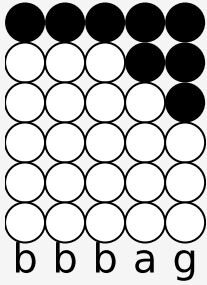

Summers almost gone

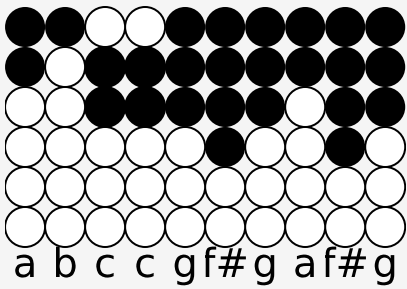

Winter's coming on

Done laid around and stayed around

This old town too long

And i feel like i want to travel on
