Author/Performer: Mana

Ella despidió a su amor

el partió en un barco en el muelle
de San Blas

El juró que volvería

y empapada en llanto
ella juró que esperaría

miles de lunas de lunas pasaron

y siempre ella estaba en el muelle, esperando

Llevaba el mismo vestido

y por si el volviera no se fuera a equivocar

los cangrejos le mordían

sus ropajes, su tristeza y su ilusión

y el tiempo se escurrió

Y sus ojos se le llenaron de amaneceres

y del mar se enamoró

Sola, sola, en el olvido

sola, sola con su espíritu

sola, sola con su amor el mar

sola, en el muelle de San Blas

Su cabello se blanqueó

pero ningún barco a su amor le devolvía

y en el pueblo le decían

le decían la loca del muelle de San Blas

y una tarde de abril

la intentaron trasladar al manicomio

Sola, sola se quedó.
