

# Tin whistle tabs for: Never Never

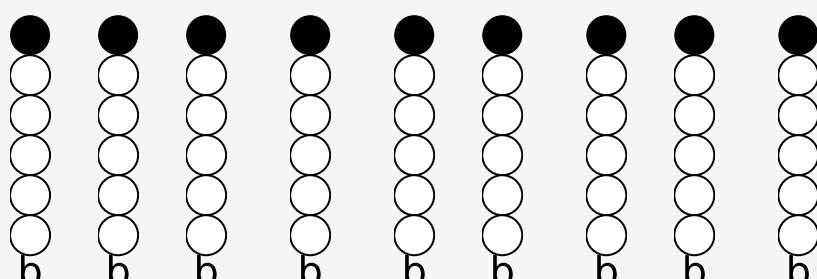

Genre: folk

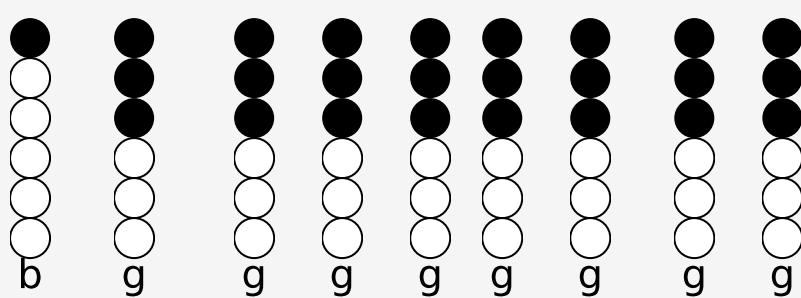

What bet-ter seat than a sad-dle

What bet-ter roof than the sky

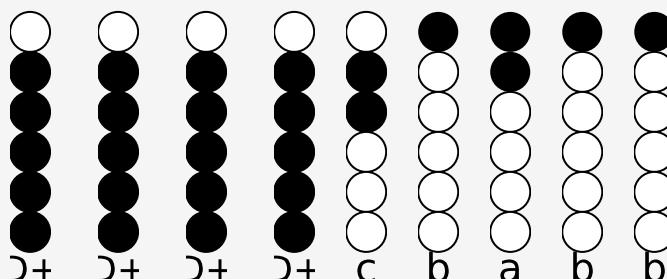

What bet-ter song than the song men sing

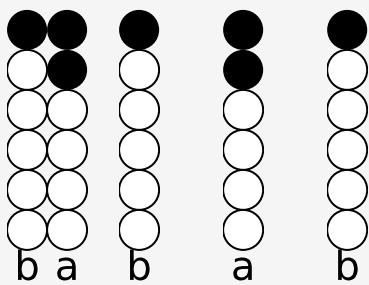

When hearts are hap-py and spir-its high

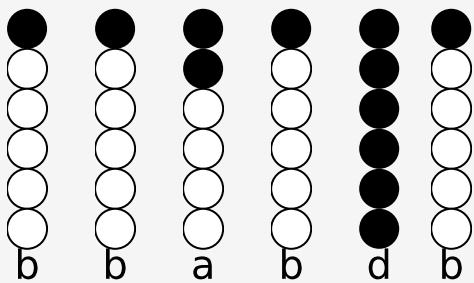

(CHORUS)

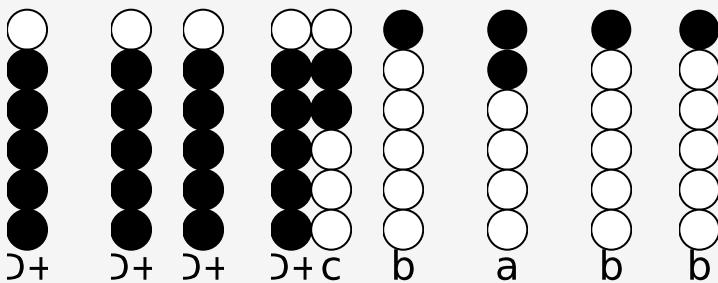

Were rid-ing to the nev-er nev-er

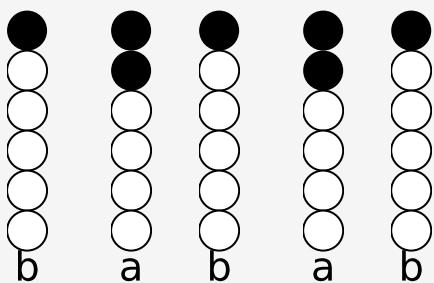

On a long white road

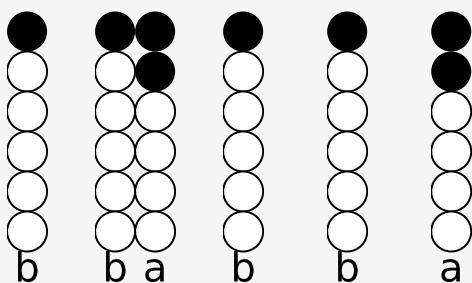

A road that has no end

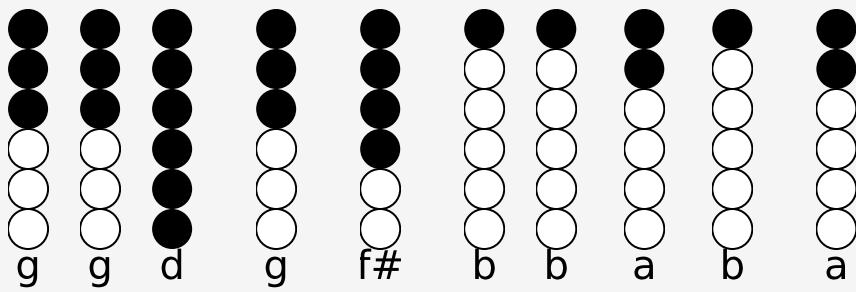

Were go-ing to a wide brown coun-tr-y

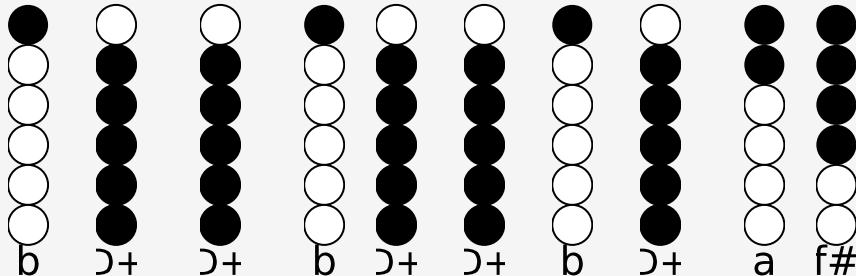

Where the skies are blue

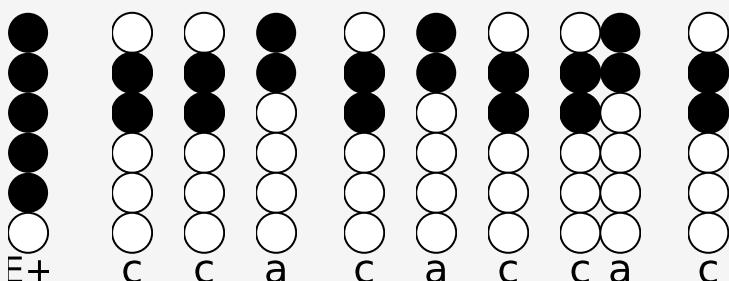

And ev-ry mans our friend

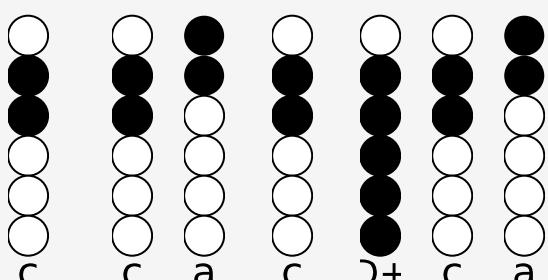

No-bo-dy knows just when we will get there

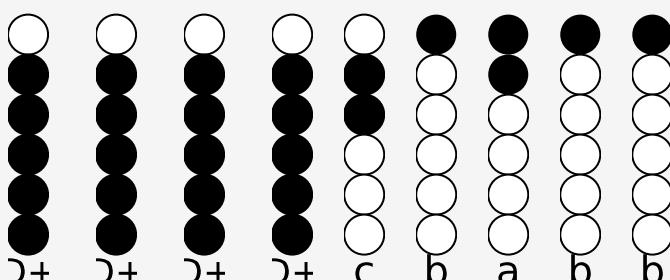

But what does it mat-ter if times goes by

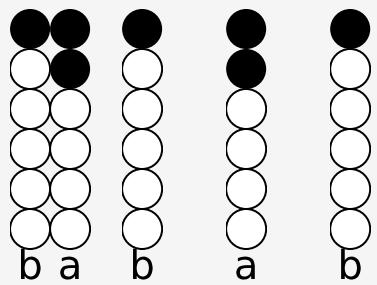

Well spend ev-ry night be-side a camp fire

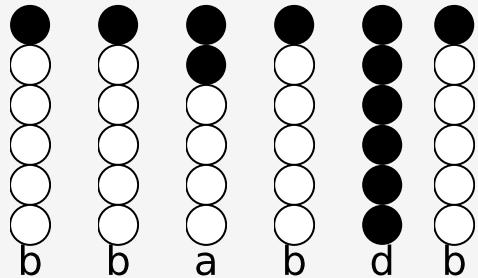

Count-ing the stars in the sky

Were rid-ing to the nev-er nev-er

On a long white road

A road that nev-er ends
