

Tin whistle tabs for: Never Never

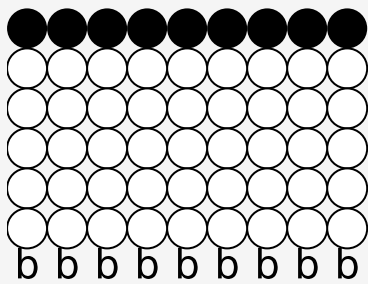

Genre: folk

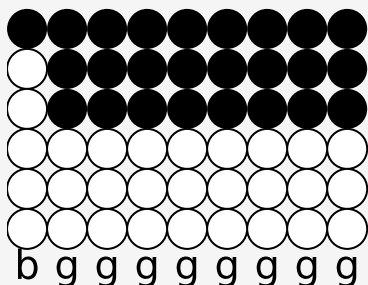

What bet-ter seat than a sad-dle

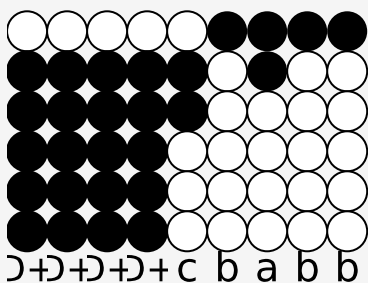

What bet-ter roof than the sky

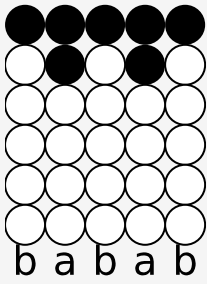

What bet-ter song than the song men sing

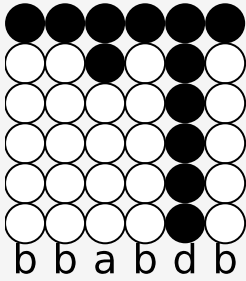

When hearts are hap-py and spir-its high
(CHORUS)

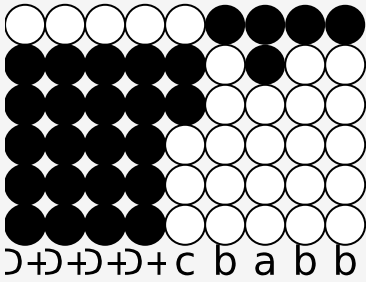

Were rid-ing to the nev-er nev-er

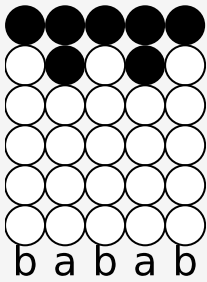

On a long white road

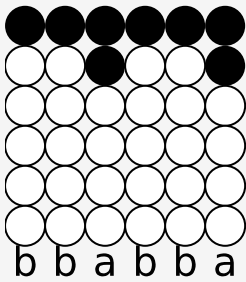

A road that has no end

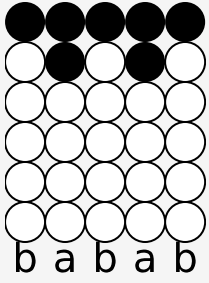

Were go-ing to a wide brown coun-try

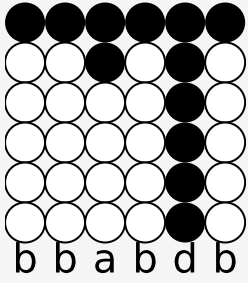

Where the skies are blue

And ev-ry mans our friend

On a long white road

A road that nev-er ends
